

CERTIFICATE OF COMPLIANCE

Certificate Number 20161214-E356250
Report Reference E356250-20130301
Issue Date 2016-DECEMBER-14

Issued to: BLOCK TRANSFORMATOREN-ELEKTRONIK GMBH
MAX-PLANCK-STRASSE 36-46
27308 VERDEN GERMANY

**This is to certify that
representative samples of**

COMPONENT - SPECIAL-PURPOSE SOLID-STATE
OVERCURRENT PROTECTORS

See Addendum Page for Models/Product

Have been investigated by UL in accordance with the
Standard(s) indicated on this Certificate.

Standard(s) for Safety: UL 2367-Standard for Solid-state Overcurrent Protectors.

Additional Information: See the UL Online Certifications Directory at
www.ul.com/database for additional information

Only those products bearing the UL Certification Mark should be considered as being covered by UL's
Certification and Follow-Up Service.

The UL Recognized Component Mark generally consists of the manufacturer's identification and catalog
number, model number or other product designation as specified under "Marking" for the particular
Recognition as published in the appropriate UL Directory. As a supplementary means of identifying products
that have been produced under UL's Component Recognition Program, UL's Recognized Component Mark:
 may be used in conjunction with the required Recognized Marks. The Recognized Component Mark is
required when specified in the UL Directory preceding the recognitions or under "Markings" for the individual
recognitions.

Recognized components are incomplete in certain constructional features or restricted in performance
capabilities and are intended for use as components of complete equipment submitted for investigation rather
than for direct separate installation in the field. The final acceptance of the component is dependent upon its
installation and use in complete equipment submitted to UL LLC.

Look for the UL Certification Mark on the product.

Bruce Mahrenholz, Director North American Certification Program

UL LLC

CERTIFICATE OF COMPLIANCE

Certificate Number 20161214-E356250
Report Reference E356250-20130301
Issue Date 2016-DECEMBER-14

This is to certify that representative samples of the product as specified on this certificate were tested according to the current UL requirements.

Models/Product:

Special-purpose Solid-state overcurrent protectors Model PM-X7XX-xxx-yzv,

NOMENCLATURE BREAKDOWN:

e.g.	PM-	X7	XX-	xxx-	y	zv
	A	B	C	D	E	F

A - Product-Family - PM

B - Product-Identification - X7, where X = 0 ... 8

C - Input Voltage - 12-48

D - Sum of total current (eg.2x10A=200)

E - y = 0 – 9 or blank

y = 0, 2, 4, 6:adjustable or fixed current ratings, 2 or 4ch unit, Terminal Type A

y = 1, 3, 5, 7:adjustable or fixed current ratings, 2 or 4ch unit, Terminal Type B

y = 2, 4: Optional solid state relay signal output *y = 3, 5: Optional solid state relay signal output

F – z, v = 0 – 9 or a – z or blank

Note:

B = mandatory character to identify setup

F = optional character to clarify product identification.
