CERTIFICATE OF COMPLIANCE

Certificate Number	20161214-E356250
Report Reference	E356250-20130302
Issue Date	2016-DECEMBER-14
Issued to:	BLOCK TRANSFORMATOREN-ELEKTRONIK GMBH MAX-PLANCK-STRASSE 36-46 27308 VERDEN GERMANY
This is to certify that representative samples of	COMPONENT - SPECIAL-PURPOSE SOLID-STATE OVERCURRENT PROTECTORS See Addendum Page for Models/Product
	Have been investigated by UL in accordance with the Standard(s) indicated on this Certificate.
Standard(s) for Safety:	UL 2367 - Standard for Solid-state Overcurrent Protectors.
Additional Information:	See the UL Online Certifications Directory at www.ul.com/database for additional information

Only those products bearing the UL Certification Mark should be considered as being covered by UL's Certification and Follow-Up Service.

The UL Recognized Component Mark generally consists of the manufacturer's identification and catalog number, model number or other product designation as specified under "Marking" for the particular Recognition as published in the appropriate UL Directory. As a supplementary means of identifying products that have been produced under UL's Component Recognition Program, UL's Recognized Component Mark: , may be used in conjunction with the required Recognized Marks. The Recognized Component Mark is required when specified in the UL Directory preceding the recognitions or under "Markings" for the individual recognitions.

Recognized components are incomplete in certain constructional features or restricted in performance capabilities and are intended for use as components of complete equipment submitted for investigation rather than for direct separate installation in the field. The final acceptance of the component is dependent upon its installation and use in complete equipment submitted to UL LLC.

Look for the UL Certification Mark on the product.

CERTIFICATE OF COMPLIANCE

Certificate Number	20161214-E356250
Report Reference	E356250-20130302
Issue Date	2016-DECEMBER-14

This is to certify that representative samples of the product as specified on this certificate were tested according to the current UL requirements.

Models/Product:

Special-purpose Solid-state overcurrent protectors Model PC-X7XX-xxx-yzv,

NOMENCLATURE BREAKDOWN:

e.g.	PC-	X7	XX-	xxx-	y	zv
	A	B	C	D	E	F

A - Product-Family - PC

B - Product-Identification - X7, where X = 0…8

C - Input Voltage – 24-48

D - Sum of total current (eg. 8x10A=80)

E - y = 0 – 9 or blank

y = 0, 2, 4, 6: adjustable or fixed current ratings, Terminal Type A
y = 1, 3, 5, 7: adjustable or fixed current ratings, Terminal Type B
y = 2, 4: Optional solid state relay signal
y = 3, 5: Optional solid state relay signal

F – z, v = 0 – 9, a - z or blank

Note:

B = mandatory character to identify setup

F = optional character to clarify product identification.
